Performance in Every Product

Supported with processes that include Health, Safety and Environment policies and OEM technology, products from Hunting Energy Saudi Arabia's Dhahran manufacturing and service facility are produced according to Hunting's thorough, industry-leading global Quality Management System and to API accreditations that include

- ISO 9001:2015
- API Q1
- API 6A
- API 7-1
- API 5CT

Hunting's commitment to establishing a superior manufacturing and service facility, and a hub for technical support and training within Saudi Arabia, has resulted in a range of capabilities centered on delivering the performance our customers expect.

- Manufacturing of OEM and pressure control equipment as per API 6A specifications.
- Manufacturing of completion accessories, and downhole tools to Hunting's or OEM customer drawings.
- Machine shop equipped with CNC threading, turn and mill CNC, VMC and conventional lathes.
- Premium connection licenses for Hunting SEAL-LOCK
JFE FOX & BEAR
HST
JPC-2 & JPC-4
Hunting TS HD
Hunting TS HP
Hunting TKC EUE
- Recertification of pressure control equipment.

Local Quality Assurance/Quality Control and Engineering Support

-  Gagemaker Mic Trac 3024F-50, API thread gauges
-  In-house hardness inspection (Brinell)
-  Starret profile projector
-  Fully stocked QC equipment gauge and calibration room
-  Magnetic particle inspection and liquid penetrant NDT
-  Dedicated QA and QC personnel, quality management system and HSE programs
-  Phosphating tank with 3m x1m x 1m capacity

Commitment to Saudi Arabia's In-Kingdom Total Value Add Program

Hunting Energy Saudi Arabia supports IKTVA, and is aggressively pursuing collaborative initiatives to help increase levels of localization in the Kingdom. We are continuously transferring technology and knowledge from our parent company, Hunting, to strengthen our local presence.

We are recruiting and training local Saudi employees. To date, a sizeable portion of the facility's workforce includes talented Saudi nationals. And as the company expands the facility's capabilities, the inclusion of Saudis into the workforce will remain in the forefront of our business strategy.

We have made notable contributions to the Saudi economy and local market. We intend to constantly work closely with our strategic KSA partners to ensure ongoing enhancements to IKTVA.

Machine Shop Production Equipment Details

Turning Centers	Chuck Diameter	Through Bore	Max Turning Diameter	Max Turning Length
Doosan PUMA 800L (CNC)	800mm	320mm	900mm	3200mm
Doosan PUMA 800L (CNC)	380mm	117mm	550mm	978mm
Proking King Bore Lathe (Conventional)	635mm	230mm	880mm	3000mm
Hwachean 700BB (CNC)	635mm	177.8mm	880mm	2000mm
Mori-Seki	150mm	-	355mm	700mm

Milling Machine	Table Size	Table Load Capacity	Stroke	Spindle Speed
Hwachean SIRUIS 850 (CNC VMC)	2150mm x 850mm	4000kg	X Axis – 2000mm Y Axis – 850mm Z Axis – 750mm	800rpm

Band Saw Machine	Maximum Cutting Capacity	Saw Blade Speed
COSEN 7465S	500mm (Round)	20-100m/min

Why Hunting Energy Saudi Arabia Is Right For You

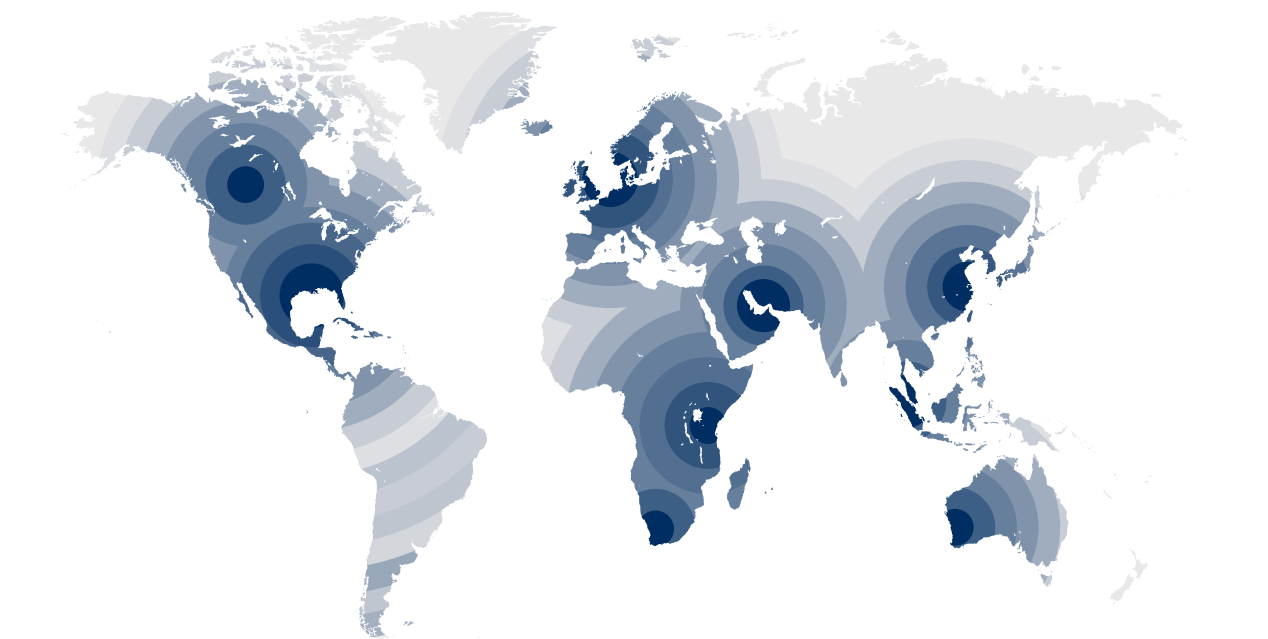

- 24:7 responsiveness
- Industry-leading quality management system
- Highly efficient, precision machining
- Access to a full spectrum of wireline pressure control equipment, completion accessories and downhole tools manufactured to your specs or ours
- Reliable recertification of pressure control equipment
- Hunting's worldwide network of innovative oilfield products
- Extensive support network
- Commitment to IKTVA

Hunting Energy Saudi Arabia Manufacturing Capabilities

Hunting Global

In strategic locations around the world, Hunting owns and operates plants, properties and equipment, employing people to serve its global customers with local services and products.

Hunting is committed to working safely in an environmentally responsible manner. These principles are fully integrated within our Quality Management System that defines the company's global operations.
