

# Slickline VariBall™ Go-Devil

## Slickline Downhole Tools

### Features

- Highly flexible and interchangeable roller system
- Provides reduced drag
- Provides centralization
- Available with flat or mule shoe bottoms

### Benefits

- Effective drop bar in high angle wells
- Increased reach ability to allow successful wire retrieval operations
- Minimizes roller contact and friction drag

The Hunting Slickline VariBall Go-Devil is designed to provide an efficient and effective drop bar for use in high angle wells.

The design delivers a system which minimizes friction drag, minimizes roller contact and enhances the ability to reach the target in deviated well, enabling successful wire retrieval operations.

**Slickline VariBall Go-Devil products are available in common industry tool string sizes or per customer requirements.**
